

SAPC e-Note

SAPC e-Note: MISCONDUCT DURING PRACTICE EXAM

Dear Intern,

SAPC e-Note: PHARMACIST INTERN CONDUCT: PRE-REGISTRATION PRACTICE EXAMINATION - 2 JUNE 2022

The South African Pharmacy Council (SAPC) is aware of the social media groups (e.g. WhatsApp groups) that were formed by interns, where interns communicated during the practice examination conducted on 2 June 2022, as well as shared examination questions and answers. Please note that the SAPC views this in a serious light and will be instituting disciplinary action against any interns found to have contravened the examination code of conduct.

If you are aware of or know of any such social media groups or interns involved, please inform the SAPC at professionalconduct@sapc.za.org.

Please note that should Council deem it fit, the remote writing of examinations will be terminated and Council will revert to conducting examinations at physical venues, and this will be at the expense of interns.

Yours sincerely,

VM Tlala
Registrar/CEO
